

to strengthen the working relationships between UMP and the software suppliers in support of microelectronic development.

The e-Management Enterprise Solution has been recognized and endorsed when it won the Prime Minister's Award at a competition organized by Malaysian Administrative

Modernization and Management Planning Unit in 2004.

The system will be a milestone in the history of the country's IT industry as it will markedly save the use of papers. Its application will also help corporations operate in a more consistent, organized and efficient manner.

UMP SEALS MOU WITH PASDEC, HICOM TO COOPERATE ON ACADEMIC, RESEARCH, HUMAN CAPITAL DEVELOPMENT

Universiti Malaysia Pahang (UMP) sealed a Memorandum of Understanding (MOU) with Pasdec Holdings Bhd and Hicom Automotive Manufacturers Sdn Bhd

at a signing ceremony during the official opening of the East Coast National Higher Education Carnival at the Chancellery Square on February 28 last year.

Present to witness the event were then-Deputy Prime Minister, Dato' Sri Mohd Najib Tun Abdul Razak; Minister of Higher Education, Dato' Seri Mohamed Khaled Nordin; and Pahang Menteri Besar, Dato' Sri Adnan Yaakob.

UMP was represented by Vice-Chancellor Professor Dato' Dr Daing Nasir Ibrahim and Deputy Vice-Chancellor (Research & Innovation), Professor Dr Rosli Mohd Yunus; while Dato' Sri Adnan and Dato' Lias Mohd Noor represented Pasdec as chairman and director, respectively.

The MOU with Pasdec emphasized on cooperation and consultation on human capital and real estate developments at UMP's upcoming permanent campus in Kuala Pahang, Pekan.

Meanwhile, the MOU with Hicom - represented by its Chairman, Dato' Syed Mohamed Syed Murtaza, and Chief Executive Officer, Abdul Rashid Musa - focused on cooperation in the fields of academic, research and human capital development.
