

UMP COUPLE LECTURER WON UMP QUALITY AND INNOVATION DAY 2014 PUBLICATION AWARD

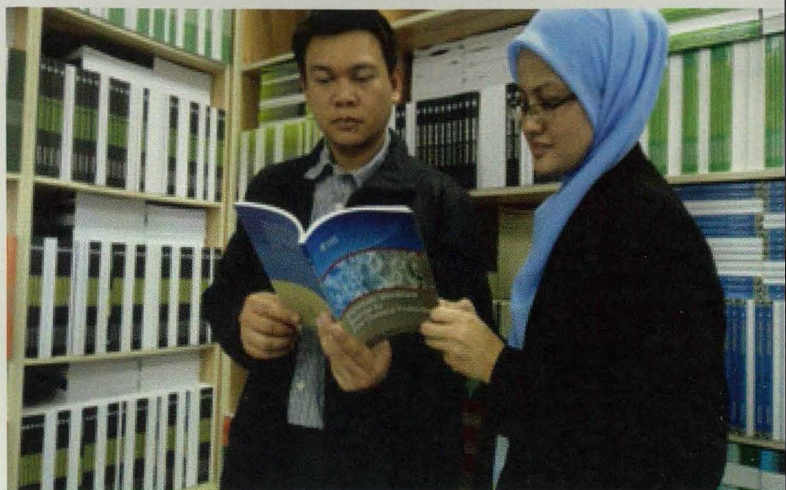

BY : SHALFARINA SHARIMAN

Good quality content, clear learning criteria and well-structured language were the engaging features that won the book titled, 'Enzymatic Membrane Reactor for Fine Chemical Production' the Publication Prize at UMP Quality and Innovation Day 2014 Prize last May.

The book was written by husband-and-wife team and UMP lecturers, Associate Prof Dr Zularisam Ab Wahid and Associate Prof Dr Mimi Sakinah Abd Munaem. They are attached with the Faculty of Civil Engineering and Earth Resource (FKASA) and Faculty of Chemical Engineering and Natural Resource (FKKSA), respectively.

They took home RM1,000 cash.

They were duly recognised for their works and its original contents and writings. Their work also had the potentials to be citation material. The recognition spurred them to produce more quality and original works.
