INTELLECTUAL PROPERTY REPORT

BY: SITI FARAH BINTI MANSOR

A variety of new researches were produced by Universiti Malaysia Pahang (UMP) researchers throughout 2013

All the projects conducted by the researchers would be registered to be patented before they were allowed to take part in any exhibition in the country or abroad.

Thirty patents were successfully filed for patent registration at the Malaysia Intellectual Property Corporation throughout 2013 and one patent was granted by the US and another granted by Malaysia.

Nine copyrights were obtained, other than two utility innovations.
