Universiti Malaysia Pahang (UMP) took part in an exhibition and competition in the Malaysia Technology Expo (MTE) 2013 held at the Putra World Trade Centre, Kuala Lumpur on February 21-23, 2013.

MTE 2013 attracted more than 400 research projects, locally and abroad. The theme was 'Engineering and Technology'.

UMP submitted 15 entries and won four gold medals, four silver medals and five bronze medals. Another proud moment was when the university picked up the Best of The Best Award through Prof. Dr. Jose Rajan from Industrial Science and Technology Faculty (FSTI) for his work titled, 'High Performance Super Capacitor Using Activated Carbon derived from Waste Palm Oil Kernel Shell'.

UMP was also announced as the Best Exhibition Booth as well as named as the 'Most Friendly-Visitor Booth'.

All the researchers gave their highest commitment in the competition. Their participations and victories reflected a positive sign and commendable achievement. It showed UMP researchers were capable of making findings that were innovative, creative and useful to the people and nation.

Special Award (Best of the Best): Prof. Dr. Jose Rajan (in grey shirt)
