

Universiti Malaysia

Pahang's (UMP) Centre for Continuing Education & Professional Development, or fondly known as CENFED, has spread its wings to Sabah and Sarawak when it launched its Executive Diploma in Plantation Management & Technology Programme there recently.

The programme, a joint collaboration between CENFED and one of its partners, Warisan Akademi Pendidikan, will be introduced nationwide with a target intake of 600 students this year alone.

CENFED spreads wings to Sabah, Sarawak

To date, 71 enthusiastic students – who come with more than five years' industrial experience – are pursuing the programme in Sabah and Sarawak.

CENFED has received encouraging response from employers and industries alike, which are supportive of their employees' pursuit of life-long learning.
