

## UTEM Official Visit on Green Campus

Pekan, 28th August - Universiti Malaysia Pahang (UMP) has received a visit from Universiti Teknikal Malaysia Melaka (UTEM), one of the universities in the Malaysian Technical University Network (MTUN) to share experienced and ideas in reforestation campus.

UMP ranked 58th in the world in UI-GreenMetric World University Ranking 2016 for its efforts in sustainability and environmental management.

This visit from the Office of the Assistant Vice Chancellor (Development and Facility Management) are among the department's initiatives to benchmarks and getting some idea on renewing and improving the quality of management and services offered to UTEM residents in particular.

The delegation was led by Assistant Vice-Chancellor (Development and Facility Management), Prof. Dr. Mohd Ridzuan Nordin and was also attended by Head of Centre for Sustainability and Environment, Associate Professor Juhari Ab.Razak. Meanwhile, Haryani Abdullah Senior Deputy Registrar of the Registry Department represent UMP.

"UMP can be set as an example because although it is young at age, but has made outstanding achievement. In this visit, we get the chance and opportunity to exchange and discuss new ideas on managerial issue that could help improve the image and quality of our department in providing the best service to UTEM residents," said Associate Professor Juhari.

The discussions also involved other departments from UMP including Department of Property Development and Management (JPPH), Security Division (BKES), Corporate and Quality Affairs Department (JHKK) and Occupational, Safety & Health Management Office.
