B. ENG(HONS.) CIVIL ENGINEERING

UNIVERSITI MALAYSIA PAHANG

SUPERVISOR'S DECLARATION

I/We* hereby declare that I/We* have checked this thesis/project* and in my/our* opinion, this thesis/project* is adequate in terms of scope and quality for the award of the degree of *Doctor of Philosophy/ Master of Engineering/ Master of Science in

(Supervisor's Signature)

Full Name :Dr I Putu Mandiartha

Position :

Date :

STUDENT'S DECLARATION

I hereby declare that the work in this thesis is based on my original work except for quotations and citations which have been duly acknowledged. I also declare that it has not been previously or concurrently submitted for any other degree at Universiti Malaysia Pahang or any other institutions.

(Student's Signature)

Full Name : NUR ELEENA NADHIRAH BINTI PAAT

ID Number : AA13239

Date : 09th June 2017

INVESTIGATION OF EFFECT OF ADDITION OF CRUDE PALM OIL TO
ASPHALT PAVEMENT MIX: A PILOT STUDY TOWARD DEVELOPING A
WARM MIX ASPHALT

NUR ELEENA NADHIRAH BINTI PAAT

Thesis submitted in fulfillment of the requirements
for the award of the
Bachelor Degree in Civil Engineering

Faculty of Civil Engineering and Earth Resources
UNIVERSITI MALAYSIA PAHANG

JUNE 2017

ACKNOWLEDGEMENTS

I would like to forward my appreciation to my supervisor, Dr I Putu Mandiartha, and my panels Dr Intan Suhana and Mrs Azlina for their guidance and supports. I would also like to thank my academic advisor Miss Nor Azlina Alias for his positive supports and faiths in me throughout my study.

I would also like to forward my full gratefulness to Universiti Malaysia Pahang (UMP), and all of the staffs in the Faculty of Civil Engineering & Earth Resources for providing good facilities and the assistance during my study.

My sincere appreciation additionally reaches out to my fellow colleagues and other people have given help at different events. Their perspectives and tips are helpful undoubtedly. What's more, to wrap things up, I am appreciative to all my family and relatives.

TABLE OF CONTENT

DECLARATION	
TITLE PAGE	
ACKNOWLEDGEMENTS	5
ABSTRAK	6
ABSTRACT	7
TABLE OF CONTENT	8
LIST OF TABLES	10
LIST OF FIGURES	11
CHAPTER 1 INTRODUCTION	12
1.1 Background Study	12
1.2 Statement of The Problem	12
1.3 Objective of Study	13
1.4 Scope of Study	13
CHAPTER 2 LITERATURE REVIEW	14
2.1 Introduction	14
2.2 Advantages of WMA	15
2.2.1 Warm Mix Asphalt (WMA) Additives	15
CHAPTER 3 METHODOLOGY	18
3.1 Introduction	18
3.2 Study Approach	18
3.2.1 Samples Preparation	19

3.2.2	Control Samples	19
3.2.3	Testing Samples	20
3.3	Flow Chart of Laboratory Work	22
CHAPTER 4 RESULTS AND DISCUSSION		23
4.1	Results and Discussion	23
4.2	Control Samples	23
4.3	Testing Samples	28
4.3.1	Testing Samples for the Effects of CPO on the Mixture	28
4.3.2	Testing samples for the development of WMA	31
CHAPTER 5 CONCLUSION		37
5.1	Introduction	37
5.2	Control Sample	37
5.2.1	Testing Sample to Study the Effect of CPO	37
5.2.2	Testing Sample for the development of WMA	38
5.3	Recommendations for Future Study	39
