ACKNOWLEDGEMENTS

Alhamdulillah, praise to Allah S.W.T and the Holy Prophet Muhammad S.A.W. with His blessing, I can finish my Final Year Project.

I am grateful and would like to express my sincere gratitude to my supervisor Professor Madya Dr. Sulistyoo Arintono and Dr Parameswary A/P Sundara from Faculty of Civil Engineering and Earth Resources, for her and his germinal ideas, invaluable guidance, continuous encouragement and constant support in making this research possible. Special thanks to residents at Taman Sri Inderapura and Peramu Jaya area give cooperate to do the research and without their cooperating in answer my interview, I may not complete my research.

I acknowledge my sincere indebtedness and gratitude to my parents for their love, dream and sacrifice throughout my life. I am also grateful to my fiancé and friends for their sacrifice, patience, and understanding that were inevitable to make this work possible. I cannot find the appropriate words that could properly describe my appreciation for their devotion, support and faith in my ability to attain my goals. Special thanks should be given to my committee members. I would like to acknowledge their comments and suggestions, which was crucial for the successful completion of this study.
