ACKNOWLEDGEMENT

I am grateful and would like to express my sincere gratitude to my supervisor Madam Zarina Dzolkipli for her germinal ideas, invaluable guidance, continuous encouragement and constant support in marking this research possible. She has always impressed me with her outstanding professional conduct and her strong conviction for technology science.

My sincere thanks go to all my family and members who helped me in many ways and made my stay at UMP pleasant and unforgettable. Many special thanks go to member engine research group for their excellent co-operation, inspirations and supports during this study.

I acknowledge my sincere indebtedness and gratitude to my parents for their love, dream and sacrifice throughout my life. I cannot find the appropriate words that could properly describe my appreciation for their devotion, support and faith in ability to attain my goals. Special thanks should be given to my committee members. I would like to acknowledge their comments and suggestions, which was crucial for the successful completion of this study.
