*To the ones who gave me life and grew me up
Those angels who were always supportive
I owe them each moments of my life and praise them in
every breath*

Dedicated to

*the most loving person, Ibu
and the most dearest person, Ayah*

ACKNOWLEDGEMENTS

Conducting this thesis research has been a challenging yet interesting and developmental period of my life. This research would not have been possible without the help of many people.

I owe my deepest gratitude to En. Zahrizan bin Zakaria, my supervisor, who inspired me and gave valuable feedback and guidance; for his comments and insightful suggestions.

I am grateful to my family, for their support and confidence in me.

I would also like to thank to my fellow friends and mates that always gave me positive input and information in preparing my research report.

Last but not least, to all who spent their invaluable time for the interview session and completing the questionnaire, thank you for your cooperation.
