A group of students from Universiti Malaysia Pahang (UMP) made a remake of the song "Sakit" by Zynakal, changing its lyrics to advise Malaysians in the ght against the spread of the COVID-19 that has a ected countries around the world, titled 'Kita Jaga Kita' ('We Protect Each Other').

With academic backgrounds in Engineering and Technology, these students' creative e ort was a calling developed while undergoing the Movement Control Order (MCO) which has been implemented in Malaysia since 18 March.

The students involved are Nur Nissa Halimah Rahmat, a student from Faculty of Computing and her two friends; Haris Nufail Shamshul Azri from Faculty of Mechanical and Automotive Engineering Technology, and Dinie Almatin Asfarin from the Faculty of Civil Engineering Technology.

They are also members of the Solo Singing Club, UMP's Culture and Arts Secretariat.

During the interview, Nur Nissa stated that she rstly wanted to express her gratitude to Zynakal for allowing the usage of his song and the club advisor, Noor A za Mohd Azmi who has given much encouragement to her and her friends.

"The production of the song was an e ort in response to the government's call to the people to work together and be united in the ght against the COVID-19 epidemic," she said.

She also shared her experience in producing the song which took a day.

"It took us about two hours to come up with lyrics that included elements of advice."

"We then sang and recorded the song individually from our own homes."

"Once the recording process was completed, we further communicated and emailed the material for further processing," she said.

Although they were undergoing MCO at home, it did not stop them from producing the song especially with the ease of the latest technology, as Nur Nissa lives with family in Johor Bahru, Harris in Perak, and Dinie in Selangor.

She added that some of the challenges faced were limited internet access. However, it was not a major obstacle.

She further highlighted that the song was a dedication for Malaysians, especially as a tribute to the COVID19 frontliners.

She hoped that the song would raise awareness and to serve as a reminder to fellow Malaysians.

She believes that the song's message is one of the best approaches to occupy people's time who are currently undergoing MCO either at home and on campus.

This song has been uploaded to UMPTV's YouTube channel at <https://www.youtube.com/watch?v=iEUwnJ7z46M> (<https://www.youtube.com/watch?v=iEUwnJ7z46M>) and is shared on UMPMalaysia Facebook page.

Among the lyrics is a call for the cooperation of Malaysians to ght COVID-19, be wary, a misstep will be disastrous. Without caution, COVID-19 is easily infected and the disease is not easy to stop.

Aside from focusing on their studies, these students are known on campus to be active in singing as they have been actively performing at most of the University's o cial events.

Lyrics of "Kita Jaga Kita" (We care for/protect each other)

It's a request for all

Open your heart and open your eyes

It's a plea to all

To avoid corona

Dear friends, let's work together

Come on people, let's take care of Malaysia

Let's ght the corona, don't fumble

This error could be dangerous

When a person is sick, be careful

It hurts him but not just him

This Covid-19 is easily infectious

The disease is not easy to stop

Look

We must listen to the instructions

We must stop this disease

Cooperate, don't be sel sh

Oh order control, movement control

So please remember, i'll remind

Just stay at home, stay with family

Or friends, oh we protect each other

Oh, be diligent with washing your hands

When something is needed

Let only one go

It's a request for all

Open your heart and open your eyes

It's a plea to all

To avoid corona

This disease is destroyed when we work together

Wake up friends, let's fight corona

Police army doctors nurses are protecting the country

Just stay at your home guys, we protect each other

Oh the virus is everywhere

Don't be ignorant

Don't go crazy

Everything is on you

Corpses are scattered

You still don't understand

Once it hits you

Then you'll be scared to death

Keep your eyes open

Don't seek death

As death is heartless

Then you'll be terrified

Let wealth not be luxury

As long as there's no complain

Just stay at home

Do what is right

Original song: Sakit by Zynakal
