

### MUET REGISTRATION SLIP (MUET/D)

(a) The confirmation of MUET candidates' registration details will appear in the MUET Registration Slip (MUET/D) via MEC's portal [www.mpm.edu.my](http://www.mpm.edu.my) four (4) weeks before the Speaking test date. If candidates' information is not available in MUET/D, please contact the Competency Unit IMMEDIATELY.

(b) Candidates should check the details listed in MUET/D, such as identity card number, spelling of name, index number, test centre, date and time of test. If there are errors, candidates are required to make changes on the MUET/D slips and return them to the Malaysian Examinations Council (for the attention of the Head of STPM and MUET Administration Division) through Competency Unit.

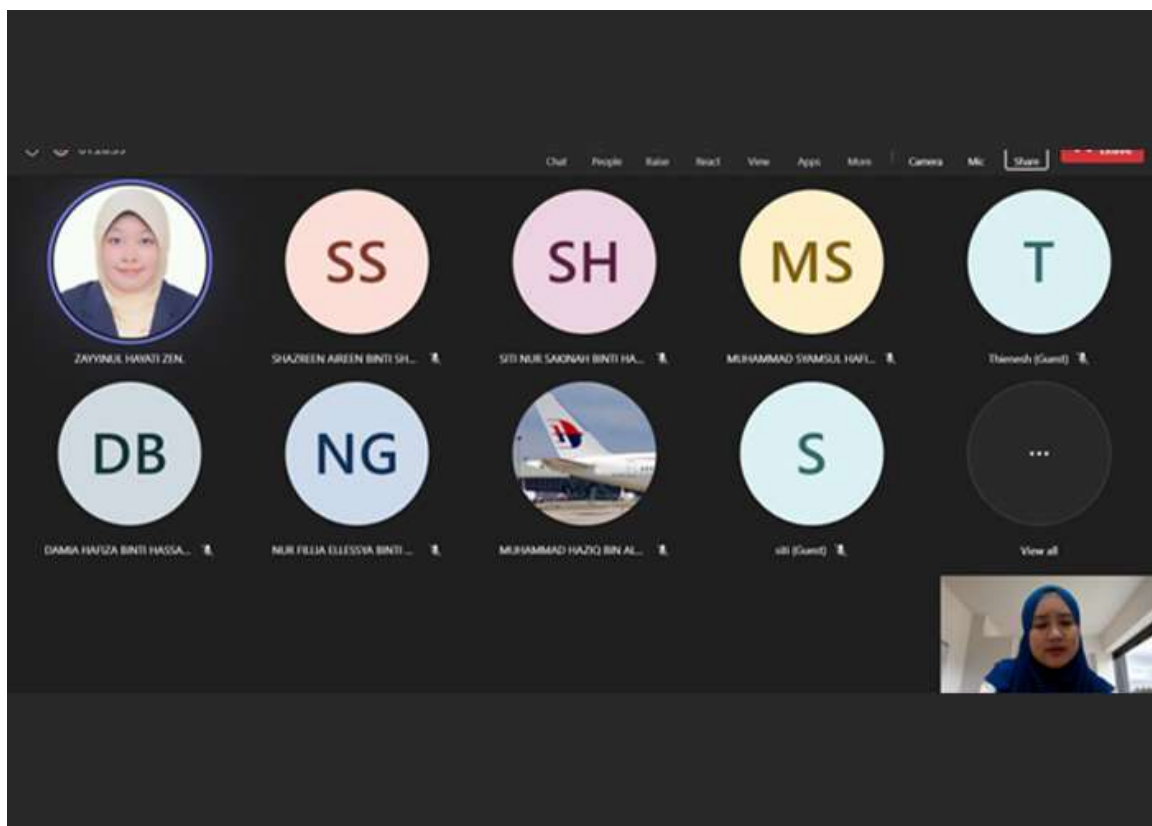

(c) Candidates should ensure that their name and identity card number on the MUET Registration Slip (MUET/D) are correct. Candidates must use the same identity card number during the test. Any mistakes may lead to a misunderstanding with test invigilators and this will inconvenience candidates.

(d) Candidates may check their registration status through the Short Messaging System (SMS) by typing MUETINFOidentity Card Number and send to 15888.

### VENUE: SPEAKING TEST (WAITING ROOM)

## PREPARING FOR SUCCESS: INSIGHTS FROM THE MUET BRIEFING SESSION

02 May 2024 Hits: 46

26 April 2024 – A briefing session for candidates of the Malaysia University English Test (MUET) was conducted via Microsoft Teams on 26 April 2024 at 10.00 am. The session was organised by the Competency Unit of the Centre for Modern Languages (CML) and led by Ms. Siti Ainun Jariyah Hassan, the Coordinator for MUET at the Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) Pekan campus. Its purpose was to prepare students with important information for examinations, which were scheduled for the following day.

The session was thoughtfully designed to clarify any ambiguities surrounding the MUET examination, ensuring that all candidates approach it with clarity and confidence. This encompassed essential examination details such as important dates for the written and speaking tests, venue specifics for each campus, and the necessary materials that candidates are required to bring. Additionally, candidates received a comprehensive overview of the examination structure and strategic advice on effective preparation for each component.

Furthermore, valuable insights into common pitfalls and effective time-management techniques were provided, all aimed at optimizing their performance on exam day. A key feature of the briefing was the interactive Q&A segment, allowing candidates to address their specific concerns directly with the coordinator. Moreover, this session was recorded to accommodate those unable to attend, ensuring comprehensive accessibility to the information presented. Candidates were also encouraged to review the recorded session and prepare thoroughly for the MUET examination.

Participants' feedback highlighted the session's effectiveness. Zayyinul Hayati Zen, a PhD student from Faculty of Industrial Sciences and Technology, UMPSA stated, "The session exceeded my expectations, providing a detailed breakdown of the test sections and valuable preparation strategies. It has instilled confidence and a robust understanding of how to excel in the upcoming MUET." The positive feedback from participants underscores the importance of such preparatory sessions in empowering candidates for success in their academic pursuits.

This briefing is part of CML's dedication to providing assistance aimed at improving students' performance in critical assessments such as MUET. Ms. Noraisah Nurul Fatwa Mohd Razali, the Competency Unit Coordinator, expressed hope that this session would inspire all UMPSA candidates to strive for excellence in MUET. Recognising the importance of a supportive learning environment, CML remains committed to fostering an environment conducive to academic success. CML continues to ensure that all students have the necessary resources and knowledge to achieve their academic objectives.
