Preface: International Conference on Sustainability Engineering Education

With great pleasure we are introducing the International Conference on Sustainability Engineering Education (ICSEE) 2023, yet another series of rewarding conference this year. This conference was organized by Association for Researcher of Skills and Vocational Training (ARSVOT), Malaysia with the support from Institute of Metallurgy and Ore Beneficiation, Satbayev University, Kazakhstan, Department of Mechanical Engineering, Universitas Negeri Padang, Indonesia, Suleyman Demirel University, Kazakhstan and Todox Digital Network, Malaysia. International Conference on Sustainability Engineering Education which was held at the Corus Hotel Kuala Lumpur City Centre, Malaysia on the 24th and 25th June 2023.

ICSEE 2023 did not fail to draw participants across the region including Malaysia, China, Kazakhstan, Iraq, Oman, Indonesia and Japan. The conference tentatives were divided into two parallel sections for each days. Each presenters were given 10 minutes presentation followed by a Q & A slots which lasted 5 to 10 minutes. Also an 15 minutes was dedicted to each keynote presenters on 25th June 2023. You will find a compilation of 4 keynote lectures given by Associate Professor Dr. Balamuralithara Balakrishnan, Associate Professor Dr. Ramadhansyah Putra Jaya, Professor Dr. Bagdaulet Kenzhaliyez and Professor Ir. Dr.. Syahril.

As expected, the papers submitted were more than 50 and fellow reviewers have put their heart and soul in making sure only the best quality research and technical papers were selected for presentation and publication. In line with the theme of the conference “*Sustainable Environment & Innovative Engineering and Education*”, ICSEE 2023 have seen many success in providing a common platform to discuss on issues, challenges, opportunities and current technologies.

ICSEE 2023 provided a fresh platform for researchers and scholars across various fields who are interested in sustainable engineering education, green engineering materials and technology, construction, and environmental sciences. They had the opportunity to share and discuss their research findings. The conference witnessed the active participation of approximately 50 participants, including students, engineers, researchers, and academicians, who engaged in productive discussions and knowledge exchange, contributing to the overall success of the event. On behalf of the ICSEE 2023 organizing committee, we express our gratitude to all the presenters and participants for their invaluable support. Lastly, let us unite in expressing our support and gratitude to the front liners who are bravely combating the COVID-19 pandemic.

Chairman, ICSEE 2023

Zulkifli Sidi, PhD.

 Nanotechnology & Materials Science

 Optics & Photonics

 Impedance Analysis

 Scanning Probe Microscopy

 Sensors

 Failure Analysis & Semiconductors

Event Management & Technical

Ts. Dr. Zulkifli Mohd Sidi, A. M. N. (ARSVOT) - Chief

Ts. Hj. Anuar Shaari (KKSS, Malaysia)

Mrs. Fatimah Zuraida Abd Rahman (ARSVOT)

Mr. Shahabudin Mohd Nor (ARSVOT)

Publication

Associate Professor Dr. Ramadhansyah Putra Jaya (UMP, Malaysia) - Chief

Associate Professor Dr. Balamuralithara Balakrishnan (UPSI, Malaysia)

Professor. Ir. Moh. Khairudin, M.T., Ph.D (UNY, Indonesia)

Dr. Hafizah Hajimia (UITM, Malaysia)

Dr. Rimajon Soltlikova (NUU, Uzbekistan)

Promotion & Multimedia

Mr. Muhamad Faris Bin Sayed Mohamed (TD Network) - Chief

Mrs. Farah Najwa Binti Ahmad Puad (UPSI, Malaysia)

Mr. Muhammad Saiful Hadi Bin Abdul Said (TD Network)

Miss. Wan Nurlisa Wan Ahmad (UPSI, Malaysia)

Scientific-Committee Members

Ts. Dr. Tee Tze Kiong (UTHM, Malaysia) – Chief

Dr. Gulzhaina K. Kassymova (SU, Kazakhstan)

Dr. Jane Itohan Oviawe (AAU, Nigeria)

Dr. Natasha Dzulkalnine (UITM, Malaysia)

Dr Umar Kassim (UNIMAP, Malaysia)

Dr. Rizky Ema Wulansari (UNP, Indonesia)

Rahmat Azis Nabawi (UNP, Indonesia)
